

Project: Installation of recycled garden, approximately 1,100 sq ft

Location: 1400 52nd Street North, Birmingham, Alabama 35212

Remove existing sod (1)

Remove existing sod (2)

Delivering recycled crushed glass.

1 ton Super Sacks, 7 total

Recycled crushed glass as our base layer aggregate.

Thank You Alabama Environmental Council for providing the recycled glass aggregate.

Level the aggregate and compact.

Install weed barrier.

First piece of turf being placed, 15' x 45'.

Trim the edges with a razor knife.

The finishing touch for our stencil.

Logo painted.

Second piece of turf and landscape edging.

Recycled rubber tire landscape edging.

Ready for the rubber infill.

First layer of infill applied, wrinkles are smoothing.
